THIS GUIDE USES DUMMY DATA

Screens show Adaora Okonkwo, **adaora@example.com**. They are not a live application.

Read only the path that applies to you

Every subscription ends the same way: verify who you are, choose how the subscription is structured, then pay. The screens in between depend on whether you are a person or a company.

MYSELF

Investing in your own name. Read pages 03–06, then **Myself** and Pay.

JOINT

Two adults on one subscription. After Confirm, choose **Joint**, then Pay.

A MINOR

For a child, only after you already have a subscription of your own. Then NIN, split shares exactly, and Pay.

CORPORATE

Skip Myself / Joint / Minor. After Investor Category choose **Corporate / Institutional**, then CAC, signup, profile, and Pay.

IMPORTANT

On Investor Category there are only two types: **Individual / Retail** or **Corporate / Institutional**. Joint and Minor are not on that screen. If you are a person — even if you later invest with a spouse or for a child — choose Individual.

Have these ready

Individuals

- 11-digit **BVN**
- Email you can access
- Dividend bank name and account number
- For Joint: co-applicant BVN, relationship, mandate
- For a Minor: child's NIN, and your own completed subscription first

Companies

- **CAC RC** number
- Authorised officer's BVN, NIN, and a password
- Company tax ID and registered address
- Authority to subscribe on behalf of the company
